UDDER MARK

Highly visible animal marker

To indicate cows that require a
milk withholding period

DIRECTIONS FOR USE

Udder Mark is manufactured with a 360° valve for ease of application. Udder Mark is formulated to last on the udder for up to 8 days. However to ensure continued visibility it may need to be touched up periodically. Udder Mark's low irritancy formulation ensures there is no discomfort to the treated animal. **Shake can well before use.** Ensure udders are clean and dry before applying. Hold can approximately 15cm from the udder ensuring tail is clear of area to be sprayed. Apply Udder Mark RED to cows treated with antibiotics. Over spray Udder Mark GREEN when the cow has reached the recommended withholding period and milk is clear to return to the silo.

TOXIC

HAZARD STATEMENTS

Flammable Aerosol. Acutely toxic substance. Skin irritant.
Eye irritant. Ecotoxic in the aquatic environment.

PREVENTION STATEMENTS

Keep out of reach of children. Read label before use.
Read Safety Data Sheet before use. Keep away from open
flames and hot surfaces. No smoking. Do not spray on an
open flame or other ignition source. Pressurised container.
Do not pierce or burn, even after use. Avoid breathing spray.
Wash hands thoroughly after handling. Do not eat, drink or
smoke when using this product. Use only outdoors or in a
well-ventilated area. Avoid release to the environment. Wear
protective gloves, protective clothing and face protection.

RESPONSE STATEMENTS

If medical advice is needed, have product container or label at
hand. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
Immediately dilute with a glass of water. Call a POISON CENTRE
or doctor if you feel unwell. IF ON SKIN (or hair): Wash with
plenty of soap and water. Immediately remove all contaminated
clothing. IF INHALED: Remove to fresh air and keep at rest
in a position comfortable for breathing. IF IN EYES: Rinse
cautiously with water for several minutes. Remove contact
lenses, if present and easy to do. Continue rinsing. If irritation
or discomfort persists call a POISON CENTRE or doctor. Absorb
spillage to prevent material damage.

STORAGE STATEMENTS

Protect from sunlight. Do not expose to temperatures
exceeding 50°C.

DISPOSAL STATEMENTS

Dispose of empty containers safely - do not puncture or burn.
Avoid contamination of any water supply with product or
empty container. Dispose of product safely.
