### **Attestation of Compliance - Re: Livestock healthcare products**

This attestation is based on the requirements of the AsureQuality Organic Standard as amended from time to time.

This attestation does not allow nor encourage commercial use of AsureQuality's name or branding in association with the following products, nor does it imply endorsement of the products or manufacturer. This attestation confirms that the composition of the following products distributed by Farmers Industries (NZ) Ltd have been assessed by AsureQuality as compliant for use in organic livestock production by operations certified to the:

*AsureQuality Organic Standard*  
*Ministry for Primary Industries: Organic Export Requirements*  
*USDA National Organic Program*

The distributor must report any composition or product changes to AsureQuality for re-evaluation. Furthermore, the composition of products must not be derived from GMO sources.

### **Effective period of verification: 09/04/2021 – 09/04/2022**

This document expires at the end of 12 months (the termination date of the effective period identified above), or when cancelled by AsureQuality Limited.

Signed:
