KONCRETE KLEANER

Contains Benzalkonium Chloride

For the removal of bacteria and algae
on concrete surfaces

ACUTELY TOXIC SUBSTANCE, CHRONIC TOXIC, TOXIC, CORROSIVE TO METALS, CORROSIVE TO DERMAL TISSUE, CORROSIVE TO OCCULAR TISSUE, ECOTOXIC IN THE AQUATIC ENVIRONMENT, ECOTOXIC TO TERRESTRIAL VERTEBRATES. EPA APPROVAL CODE: HSR000822; GROUP STANDARD: CLEANING PRODUCTS (CORROSIVE); UN NO: 1760; HAZCHEM CODE 2X; PACKING GROUP III.

KONCRETE KLEANER

To assist in the removal of bacterial and algae build-ups on concrete surfaces such as farm dairies, concrete block walls, paths and driveways.

DIRECTIONS FOR USE

Simply apply to concrete surfaces at the recommended dilution rate of 5:1 using a watering can, knapsack or similar type applicator. Leave for 12-24 hours without washing or rinsing.

Once applied, Koncrete Kleaner is absorbed into the concrete surface giving up to two months protection against bacteria and algae build-up. Improvements in the appearance of the concrete will be noticeable within 10-12 days from initial application.

DO NOT use on painted, stamped, sealed or coloured concrete surfaces.

Avoid contact with desirable plants and trees.

HAZARD

Harmful if swallowed, inhaled, or in contact with the skin. May cause allergy or asthma symptoms or breathing difficulties if inhaled. May cause damage to organs through prolonged or repeated exposure. Causes severe skin burns and eye damage. Toxic to aquatic life with long lasting effects. Harmful to animals.

PREVENTION

Keep only in original container. Do not breathe vapours/spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Wear protective gloves, protective clothing and eye/face protection.

RESPONSE

If medical advice is needed, have product container or label at hand. **IF SWALLOWED:** Call a POISON CENTRE or doctor if you feel unwell. Rinse mouth. Do NOT induce vomiting. Immediately dilute with a glass of water or milk. **IF ON SKIN:** Wash with plenty of soap and water. Remove all contaminated clothing. **IF INHALED:** Remove to fresh air and keep at rest in a position comfortable for breathing. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately seek medical attention. If experiencing respiratory symptoms, seek medical attention. If skin irritation or rash occurs, seek medical attention.

STORAGE

Store locked up. Store in a corrosion-resistant container.

DISPOSAL

Dispose of product and empty containers safely in accordance with local regulations. Triple rinse containers when empty. Add rinsings to use solutions. Avoid contamination of natural water supplies with chemical or empty container. Recycle empty container through Agrecovery (0800 247 326, www.agrecovery.co.nz). **PRODUCT DISPOSAL:** Adjust the pH to neutral with soda ash, separate any insoluble solids or liquids and package them for hazardous waste disposal. Flush the aqueous solutions down the drain with plenty of water. The hydrolysis and neutralization reactions may generate heat and fumes which can be controlled by the rate of addition and good ventilation.
