

DANGER
KEEP OUT OF REACH OF CHILDREN

PERACETIC ACID

Contains 50g/L Peracetic Acid, 70g/L Acetic acid,
260g/L Hydrogen Peroxide

Peracetic Acid Sanitiser

Disinfecting milking clusters between animal milkings

ACID

FLAMMABLE LIQUID. OXIDISER. ACUTELY TOXIC. CORROSIVE. EPA APPROVAL CODE: HSR001479.
ETHANEPEROXOIC ACID, <5% IN ACETIC ACID AND HYDROGEN PEROXIDE. MPI APPROVED FOR
USE IN FARM DAIRIES.

PERACETIC ACID

Peracetic Acid Sanitiser

Disinfecting milking clusters between animal milkings

DIRECTIONS FOR USE

DISINFECTION OF DAIRY EQUIPMENT AND MILKING PLANT

1. Ensure that the majority of milk is removed from the system either by washing, rinsing, air purging or similar from the surfaces before sanitising.
2. Use FIL Peracetic Acid at 2mL per litre of cold water (ambient temperature), ensuring sufficient wash solution to provide adequate flushing. Use compliant water only.
3. Following each use, equipment must be completely rinsed with compliant water.
4. Automatic cluster flushing systems may be sanitised in the same manner providing the equipment is MPI approved for this application.

4515-002

HAZARD STATEMENTS

May intensify fire; oxidiser. Harmful if swallowed or inhaled. Causes damage to organs. May be corrosive to metals. Causes severe skin burns and eye damage. Very toxic to aquatic life with long lasting effects. Harmful to terrestrial vertebrates.

PREVENTION STATEMENTS

Keep out of reach of children. Read label before use. Read safety data sheet before use. Wear gloves and eye protection.

RESPONSE STATEMENTS

Immediately call a doctor and have product container or label at hand. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Immediately dilute with several glasses of water. **IF ON SKIN (or hair):** Remove/Take off immediately all contaminated clothing. Rinse skin with plenty of cold water. Wash contaminated clothing before reuse. **IF INHALED:** Remove to fresh air and keep at rest in a position comfortable for breathing.

STORAGE STATEMENTS

Store locked up in corrosive resistant (possibly stainless steel) container with a resistant inner liner. Store away from combustible or organic material, alkalis, metals.

DISPOSAL STATEMENTS

Dispose of empty containers safely in accordance with local regulations. Triple rinse containers when empty. Add rinsings to use solutions. Avoid contamination of natural water supplies with chemical or empty container. After cleaning, all existing labels should be removed. **PRODUCT DISPOSAL:** Contain spill using suitable absorbent material. Transfer solid material to a suitable container for disposal.
